INDEPENDENT MINERS DISSOLVE COMPACT

A Break In The Ranks Of Miners Also Reported.

NINE FIRMS SIGN AGREEMENT

The Strike, So Far as Bituminous Fields of Western Pennsylvania Are Concerned, Is Now Practically Over. Work To Be Resumed Monday.

Pittsburg, April 9.—With only one mine, controlled by the Pittsburg Coal company, idle in the Pittsburg district, the disruption of the "stand-pat" organization of the Independents Friday night, and a break in the ranks of the strikers in the Irwin field, the miners' strike, so far as the bituminous fields of western Pennsylvania are concerned, is practically over.

Following Friday night's action of the independents in dissolving the mutual compact not to sign the scale of 1903, announcement was made Saturday by the officials of the Mine Workers' union that nine firms had placed their names to the agreement. The companies signing were:

Pittsburg-Buffalo company, 1,000,000 tons; Kirkdale Coal company, 70,000 tons; Clyne Coal company, 200,000 tons; Meadow Lands Coal company, 360,000 tons; Diamond Coal and Coke company, 225,000 tons; Carnegie Coal company, 600,000 tons; Fayette Coal company, 200,000 tons; Pittsburg and Washington Coal company, 65,000 tons.

These companies represent a total tonnage of nearly 3,000,000 tons and employ 5,000 men.

During the past week they have had their mines closed and repaired and work will be resumed on Monday.

Big Fire loss at Butler.

Butler, Ga., April 7.—The heart of the business part of this place was consumed by fire Friday between 1 and 4 o'clock. Fifteen stores and business establishments, including the two handsome and valuable brick and stone buildings recently erected, and owned respectively by Dr. Wayne Riley and I. F. Peebles, and in which valuable gas fixtures had just been installed, were destroyed. These buildings were new and the most valuable and substantial in the place. The total loss is conservatively placed at $65,000, with a total insurance of only about $12,500.

Commercial Activity Broadening.

Washington, April 9.—American consular officers in Asia report broadening commercial activity in the Orient. Consul General Miller reports from Yokohoma, that the merchandise arrivals at that Japanese port in 1905 has amounted to $26,000,000 for the principal articles alone, cotton and cotton manufacures leading with $10,236,000. The United States bought nearly all of the 22,876,000 pounds of tea which Yokohama exported last year and 74 per cent of her $36,000,000 worth of raw silk exports.

Swift's Will Probated.

Salem, Mass., April 9.—The will of E. C. Swift, the millionaire packer, was admitted to probate Saturday in this city. Beyond a bequest of $5,000 to a church at Saganmore, Mass., there were no public gifts. Except for this donation and small annuities for two long-time employes of Mr. Swift, an estate estimated at about $10,000,000 is left in trust for the benefit of the family of the testator.

Will Resume Work.

Shamokin, Pa., April 9.—A number of Pennsylvania railroad employes who were laid off this week owing to the suspension of mining, were Saturday ordered to report for duty Monday. The miners believe this is an indication that the operators intend making some move which will cause President Mitchell to order the men to return to work.

Woman Commits Suicide.

Terre Haute, Ind., April 9.—Miss Agnes Barrett, accused by a neighbor of stealing a clothes prop, committed suicide after telling her mother she would "forever be dead than be accused of theft."

LEAPT TO DEATH TO ESCAPE.

Serious Blaze in Chamber of Commerce Building at Portland.

Portland, Ore., April 9.—Fire seriously damaged the upper story of the chamber of commerce building. The building is eight stories high. The entire upper floor is occupied by the Commercial club.

It was in the rooms of the Commercial club that the flames broke out. A southeasterly wind blew dense clouds of smoke toward the northwestern corner, where crowds of men and women had gathered to escape by means of the fire escapes.

The firemen took a number of men and women from the upper stories of the burning building by means of the fire escapes and ladders.

Homer Halleck, for 25 years an employe of the Oregon Railway and Navigation company, jumped from the eighth story into the court, and was instantly killed. Another man was perhaps fatally injured by jumping.

At 3:20 p. m. the fire was gotten under control. The loss probably will exceed $100,000.

Line of Ships for Ocmulgee.

Macon, Ga., April 9.—The Macon chamber of commerce will soon complete plans for putting a line of steamers on the Ocmulgee river from Macon to the sea. The final deal in which business men here and at several points along the river and at Brunswick are interested is soon to be closed. The indication now is that there will be nothing to further delay river traffic, all the capital necessary for resuming river navigation is now in sight and all that remains in the making contracts, satisfactory to Macon business men and the operators of the steamer line.

Hodgson Ordered to Atlanta.

Washington, April 9.—Lieutenant Colonel Frederick G. Hodgson has been ordered to Atlanta to serve as chief quartermaster of the department of the gulf. Colonel Hodgson is a Georgian and a member of the well-known Athens family of that name. He entered the Military academy at West Point in 1877, served as second lieutenant and later as first lieutenant in the Sixth cavalry and since 1894 has been in the quartermaster department. He was very recently promoted from major to be lieutenant colonel.

Great Reception Tendered.

Washington, April 9.—Mr. Nabuco, the Brazilian ambassador, has been advised by cable of the great reception tendered a few days ago to Cardinal Arcoverde Cavalcanti de Albuquerque, the first cardinal of Brazil, on his arrival from Rome. Brazil is the only Latin-American country which has a cardinal, the red hat having been conferred on the Archbishop of Rio Janeiro two months ago in recognition of the large Catholic population of Brazil.

Depot at Pidcock Burns.

Quitman, Ga., April 9.—The depot of the Atlantic Coast Line at Pidcock, 12 miles west of here, has been burned together with the contents of the building. It is not known whether the building was fired by an incendiary or not, but it is generally supposed that it was, as this road's depot at the same point has been burned three times within the last few years.

Live Horse Is Taken Out of Mine.

Lens, France, April 9.—Eleven more bodies were brought up from the Courrieres mine Saturday. Another live horse was found, but no more living men have been rescued. The indignation of the population against the mine managers and engineers still is creasing.

Negro Shot to Death.

Meansville, Ga., April 9.—Milton Fletcher, a negro of this place, was shot in his yard on returning from church and died from his wounds. John Rose has been arrested and a warrant has been issued for Thad Rice, but he escaped.

Shot in the Toe.

Terre Haute, Ind., April 9.—Friday Richardson, a saloon hanger-on, died from a revolver wound in the big toe, received a week ago, the doctors saying the sudden condition of the man made the wound, trifling in itself, fatal. He was shot in a playful scuffle with a bartender.

PEOPLE FLEE FROM BURNING VESUVIUS

Streams of Lava Pouring Into Plains.

NEW CRATERS ARE OPENING

Boscotrecase Has Been Surrounded and Invaded by Lava—One Stream Is Threatening Ottajano—Cardinal Josef Prisco Offers Up Prayers.

Naples, April 9.—Boscotrecase has been surrounded and invaded by lava and one stream is closely threatening Ottajano. New craters are opening in the volcano.

The populations of the towns and villages near the danger zone are still panic-stricken. While families surrounded by their household goods are waiting in the streets hoping to find a cart, horse or donkey to help them place their possessions beyond danger.

Many heartrending scenes are witnessed. Artillery carts have been sent to help the fugitives in moving their goods.

Cardinal Joseph Prisco, archbishop of Naples, has ordered special prayers to be offered for the safety of those who are in danger, and it is expected that he will go to the scene of desolation.

Bosco Reale, one of the villages in danger of destruction, is the birthplace of the cardinal and the home of most of his relatives.

Bury Bodies of Victims.

Nagold, South Germany, April 9.—The burial of fifty bodies of those who perished April 5 by the collapse of the hotel Zum Hirschen, took place Saturday, by twos and threes, so that the three pastors who came from the neighboring villages might read the services by the grave side at each interment. The pastor of Nagold is among the dead. The sorrow scenes at the cemetery began at 9 o'clock in the morning, when the first coffins were borne on the shoulders of the townsmen through the streets to the cemetery. This continued until late in the afternoon. There is scarcely a family in the village which has not lost a member.

Chinese Pirates Rob Missionary.

Hong Kong, April 9.—Chinese pirates on April 3 held up three passenger boats 14 miles from San Shui, not far from Canton, and robbed the Rev. Dr. Charles R. Hager, an American missionary. In an interview Dr. Hager said: "Our boat and two others were anchored off a village on the Tung river, when they were simultaneously attacked at night by forty pirates, armed with Mauser rifles. They fired at us and narrowly missed me. The boats were riddled with bullets. I was divested of my clothes, cash and surgical instruments. I have reported the matter to the American consul at Canton."

Striking Miners Quiet.

Lens, France, April 9.—The striking coal miners are comparatively calm, though numerous small depredations continue to be reported. Strikers blew up 15 feet of the rails of the bridge at Toquetrel and cavalry charged and dispersed a crowd of manifestants at Nouex-Les mines. The numbers of strikers is diminishing in some sections and disorderly bands which crossed the Belgia frontier were forced back by Belgian soldiers.

Moroccan Conference Adjourns.

Algeciras, April 7.—1:40 p. m.—The Moroccan convention was signed Saturday afternoon and the conference adjourned sine die. The final session of the conference opened at 11 o'clock in the morning. A number of the wives and other female relatives of the delegates signed the convention, and the Duke of Almodovar, president of the conference, certified to the transcript of each delegation.

Presbytery Favors Union.

Knoxville, April 9.—The Knoxville presbytery of the Southern Presbyterian church, in session here, has adopted a resolution favoring church union.

RAWLINGS CASE IN HIGH COURT

Looks as If No Cognigance Will be Taken.

Washington, April 9.—The Rawlings case was reached in the supreme court Friday afternoon. Colonel J. R. Cooper, representing J. G. Rawlings and Milton, Leonard and Jesse Rawlings, made an eloquent and forceful presentation of his contention that there is a federal question involved in the case brought up from the supreme court of Georgia, but at the conclusion Chief Justice Fuller stated that the court was in full possession of the facts and it would not be necessary for Attorney General Hart or Solicitor General Thomas to make an argument.

The court will take the case under advisement.

It seems probable that an early decision may be expected, since the announcement of the court is taken as evidence that it does not regard the case one for interference on its part.

This would, of course, mean that the sentence of the court below will be carried out without further legal delays.

Melting Snow Causes Damage.

Casper, Wyom., April 9—Snow melting in the foothills, combined with the heavy fall of moisture during the past ten days, has caused unprecedented damage in central Wyoming. The Belgo-American Oil company is the principal loser. Its great oil receiver, situated on the little Pogo Agie river, has been completely destroyed and 100,000 barrels of oil lost. The Belgo-American company has sustained other losses which will bring the damage into the thousands.

Two Negroes Arrested.

Macon, Ga., April 9.—Detective Tally Jenkins and Patrolman Coley have lodged Gene Daley and Dennis Shaw, two negroes, in the city prison under charges of robbery after they were reported to have held up J. D. Walker, a white citizen and relieved him of his cash. The robbery was said to have been committed several nights ago, and was kept quiet until the arrests could be made. The negroes are accused of using weapons.

Train Kills Flagman.

Rome, Ga., April 9.—Charley Ray, a flagman on the Southern railway running between Chattanooga and Atlanta, and residing at Sugar Valley, was instantly killed in the Rome yards while coupling the air between a box car and a caboose of a freight train. The train backed upon him, the trucks of the car passing over his body, mashing his left side into a pulp. He died twenty minutes after being pulled out from under the box car.

Three Strangers Arrested.

Americus, Ga., April 9.—Three well dressed white strangers have been jailed here as suspicious characters, and are held upon instructions of Macon authorities, where it is believed they are wanted. In view of numerous robberies throughout the state, all suspicious characters coming are investigated or made to go. Chief of Police Fagin is confident the suspects held here are wanted in Georgia.

Chaffee Will Succeed Haines.

New York, April 9.—The Herald says that General Adna R. Chaffee very probably will succeed John P. Haines as president of the society for the prevention of cruelty to animals. The place has not yet been formally offered to General Chaffee but upon his arrival in New York early next week it is understood the matter will be laid before him. The office carries a salary of $6,000.

Whipped for Theft.

Evansville, Ind., April 9.—Police Judge Winfrey ordered the turnkey at the police station to whip Thomas Murphy, aged 16, charged with larceny. The turnkey refused. The father, however, consented, and gave him 10 lashes.

Accused by Girl.

St. Louis, April 9.—Postoffice Inspector Fulton, in charge of the St. Louis district, has been notified of the arrest of Alex Weil in Little Rock, Ark., charged with sending improper postal cards to Miss Kittie Decker, of Cleveland, O.

REBEL AGENTS MAKE READY TO STRIKE

Inside Facts Regarding Russian Revolution.

WILL RAISE FUNDS IN AMERICA

In the Raising of Money to Make Revolution Effective, M. Narodny Will Be Aided by Maxim Gorky, a Noted Writer.

New York, April 9.—The Times says that some inside facts in connection with the new revolutionary movement in Russia were told Friday by one of its chief agents, who for the last five weeks has been in hiding in this city with a price of 50,000 roubles set on his head, laid by the czar's government.

This man, who appears for the present as Ivan Narodny, is 36 years of age. He was the leader of the Cronstadt uprising last October, and was the head of the provisional republic which, unknown to the outside world existed in the Baltic provinces during three weeks in November and December last, until it was snuffed out in an orgy of blood and excesses by the Cossacks, who killed Narodny's wife and two children and burned his home. It was then the price was set on Narodny's head. Prior to that he had spent four years in the prison of St. Peter and St. Paul, the grim bastile of the czar's capital.

M. Narodny, it is said, comes to this country with credentials from the Russian military revolutionists to raise funds to make effective the new Russian revolution. In this he will be aided by Nicholas Tchaikofsky, who is known as "the father of Russian revolution," and Maxim Gorky, the writer, who is due here next week.

"Our next move," said M. Narodny, "will be more far reaching and entirely different from any of the movements that have preceded it. These have been little revolts. This will be an armed revolution. The uprisings that have gone before have been more or less local in nature and generally started by some one party or organization. This movement will sweep the country and will have behind it every organization working for reform. The goal will not be a constitutional monarchy, but a republic.

"A few months ago many revolutionists would have been satisfied with a constitutional assembly. Now we will not stop short of a republic. On that point there is practically unanimity among the revolutionary bodies, who now, for the first time, are working harmoniously together through a central committee. Russia will be free."

Inconvenient to America.

Washington, April 9.—The state department has suggested to the Russians through Ambassador Rosen that the period suggested in the Russian note for the convention of the second Hague conference, namely the early part of July, would be inconvenient to America and to some of the other countries of this hemisphere, which had expected to be represented at the Hague.

Governor Sleptzoff Assassinated.

Tver, Province of Tver, Russia, Apr 9.—While the governor of Tver, M. Sleptzoff, was passing through the principal street of the town at 3 p. m. Saturday, he was killed by the explosion of a bomb. Governor Sleptzoff was regarded as a reactionary official, and was held responsible for the beatings administered to the "Intelligencia" by the "Black Hundred" last fall.

Will Render Dowie Powerless.

Chicago, April 9.—While John Alexander Dowie is traveling from Mexico to Zion City, measures are being taken by the officers of the Zion church to render him absolutely powerless before he can arrive among them.

Traveling Man is Found Dead.

Columbia, S. C., April 9.—J. J. Spengler, a well known traveling man, was found dead in a hotel room here. He registered two days ago from Baltimore. Heart failure was the cause assigned by the attending physician.

The meetings will be held in the auditorium of the University High School, and the first will be held this evening, beginning at 8 o'clock. The program for this session will be of a literary nature, and a great treat is anticipated. Among the recitations will be "Poor House Nan," by little Miss Jessie Freida Till of Jacksonville, who enjoys a wide reputation for her cleverness. Mrs. W. S. Till and her daughters, Misses Jessie Freida and Florence Woodward, are expected today, and inasmuch as these little ladies are favorites in literary work, there is no doubt but that their services will be constantly in demand during the convention.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

Slight Consolation.

Some of the streets of the city are having new cement sidewalks laid down and having curbing extended out so far that it makes the roadway rather narrow. There has been some objection raised and in one or two instances the owners of property along these streets have become a trifle heated.

One man, who never gets excited over trifles, was seen to get out in the street and pace off from curb to curb. He stopped, looked up and said: "Well, there is one consolation, they can't lay much highway tax on the street, for if they do it will stop traffic."

Left His Rifle.

In his eagerness to catch his train Monday, A. R. Scruggs, who has business in Branford and vicinity, rushed to the ticket window of the Atlantic Coast Line, secured a ticket to that point, and when Conductor Stokes warned "all aboard," rushed out and left a valuable repeating rifle leaning against the railings of the ticket office. He missed the gun as soon as he boarded the train, however, and telegraphed to Agent Goodwin to take care of the piece. It was secured and will be shipped to Mr. Scruggs at Branford today.

While Mr. Scruggs declares that he was going to Branford on business, his friends on the train good-naturedly declared that they believed he was on a "hunting spree"—and the peculiar thing is that he did not deny it. However, the incident passed off pleasantly, and whether Mr. Scruggs was hunting or not, his friends will congratulate him that he secured the rifle, which was a very handsome one.

Is The Moon Inhabited?

Science has proven that the moon has an atmosphere which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours, especially those who don't know that Electric Bitters cure headache, biliousness, malaria, chills and fever, jaundice, dyspepsia, dizziness, torpid liver, kidney complaints, general debility and female weaknesses. Unequalled as a general tonic and appetizer for weak persons and especially for the aged. It induces sound sleep. Fully guaranteed by all druggists. Price only 50c.

Church and Pastor.

The Baptist church held their quarterly meeting on the first of this month, and the membership shows 229 active members. The pastor, Rev. S. B. Rogers, is an indefatigable worker for the cause of Christ, and he is deserving of the highest praise for his persistent effort.

While he does his utmost to draw people to his church, his Christian work is not confined to denomination, and he is always ready to devote his time, and too many times his money, where there is distress or the need of a helping hand.

There are only a few who know what the pastor has to endure at times to alleviate the sufferings of others, or they would be more in sympathy with these workers for the salvation of the world.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

Raise Telegraphers' Pay.

Savannah, Ga., April 9.—The Central of Georgia railway has announced that it will immediately increase the salary of its corps of 350 telegraphers and telegraph agents 15 per cent. This increase is announced after conferences between officials and the company and L. O. Tanquary, deputy president of the Order of Railroad Telegraphers.

To the Democratic Voters of Florida:

Under the present system of nominating your public servants for office, each of you have a right say who shall be your nominees.

It being impossible for the individual voter to know, personally, each candidate who offers himself for a State office, the undersigned introduces himself to you through the medium of the press. Judges of the courts of Florida have never made it a practice to solicit votes by personal appeal. Members of the Railroad Commission are judges. They decide certain matters between the great corporations and the people. It would be unfair, therefore, while others are attending to the duties they are paid to perform, for another individual seeking the position to take advantage of this.

I live at Lake City, Florida; I am a candidate for Railroad Commissioner; I am a Virginian by birth; entered the Confederate navy when 12 years of age, and surrendered with the naval forces under Gen. Joseph E. Johnston, at Greensboro, N. C., in 1865; I have resided in Florida for over 22 years; have been in the newspaper business all that time; have diligently and faithfully worked for the upbuilding and development of the State during all these years, and my every effort in the future will be to that end, in whatever position I may hold; am thoroughly acquainted with the wants and needs of every section of Florida, as my acquaintanceship and travel has led me at times into every county within its borders; have twice been chosen to represent you in Democratic National Conventions; have been connected with the State Senate in Florida since 1887, most of the time as Secretary, and can confidently refer, as to my faithful attention to the duties imposed upon me, to any member of the Legislature during that time, as well as to the records in the archives of the State, it being a fact that these records have never been attacked in the courts.

Railroad commissions of nearly all the States of the Union have, where the powers given are judiciously exercised, proven of great benefit to the general public, and there is no reason why Florida should be an exception to the rule. Experience has pointed out defects in our Railroad Commission law that are being remedied by the Legislature at each session, and by this process within a few years we will doubtless have a law that will be all that it should be in the interest of the people.

I am confident of my ability to fill the office acceptably and efficiently, and pledge myself, if nominated and afterwards elected, to administer the duties of the office fairly and impartially.

The State of Florida has wonderful possibilities before it, and in my humble opinion no agency can be such a potent factor in its development as the Railroad Commission. For this reason the voter should weigh carefully the claims of everyone who offers for the place. This announcement is a direct personal appeal to you individually. Two members of the board are to be selected. I want to be one of them. I want your vote and support. Should you choose me, I promise that you shall never have cause to regret it.

I believe my large acquaintanceship in your county (Alachua), to whom I refer you, will vouch for my fitness for the office.

As any loyal Democrat would do, I pledge myself to abide by the result of the primary, and will support the nominees thereof at the regular election.

Very respectfully,
T. J. APPLEYARD.

Lake City, Fla., April 9, 1906.

Pale? Thin?

How is it with the children these days? Have they plenty of grit, courage, strength? Or are they thin, pale, delicate? This reminds you of Ayer's Sarsaparilla. It does great things for children. It gives them a good appetite, improves their digestion, builds up their general health. Ask your doctor if he endorses this. We have no secrets! We publish the formulas of all our medicines. J. C. Ayer Co., Lowell, Mass.

S.S.S. PURELY VEGETABLE

The fact that S. S. S. is a purely vegetable preparation, containing not the slightest trace of mineral in any form, has been one of the strongest points in its favor during its forty years of existence. It is recognized everywhere not only as the best of all blood purifiers, but the one medicine that can be taken with absolute safety by the youngest child or the oldest member of the family. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic dyspepsia, unfavorably affecting the bowels and so damaging the system that even if the original cause of the disease has been removed, it is left in such a deranged and weakened condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral property in some form. Being made entirely of roots, herbs and barks it is absolutely harmless to any part of the system, and while curing disease adds strength and health to every part of the body. S. S. S. removes all poisons, freshens and purifies the blood and gives better and more lasting results than any other blood medicine. S. S. S. is the very best treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all troubles due to an impure or poisoned blood supply. Besides being the King of blood purifiers S. S. S. is the best and most invigorating of all tonics.

SHOOTING AFFRAY AT ALACHUA SATURDAY

John Warren Got a Shotgun After Foreman C. C. Ivey.

DISCHARGED WEAPON AT HIM

At a Range of Only a Few Feet, but No Shots Took Effect—Warren Wounded in Leg and Captured and Now Serving Jail Sentence.

Judging from reports, which come from an authentic source, there was "something doing" in the shooting line at Alachua Saturday night, with the result that C. C. Ivy, foreman of the construction gang of the Western Union Telegraph Company, came within a scratch of being killed, and his aggressor, John Warren, a negro section hand on the Atlantic Coast Line, lies in the Alachua town prison with a painful, though not necessarily serious, bullet wound in his right leg.

From the evidence which could be secured, it appears that Warren, who has been an employe of the section gang of the Atlantic Coast Line for the past three years, was drinking Saturday afternoon. About dark he wended his way to the passenger station of the Atlantic Coast Line, where the construction cars of the Western Union are sidetracked, pending some work being done there. Foreman Ivy, with his wife and child, occupies one of the cars, and Warren approached this car, swearing and using indecent language. Mr. Ivy ordered him away, but instead of complying with this command it seemed that the man became all the more disorderly, when Mr. Ivy, who says that Warren cursed him, picked up a rock and struck the negro. Warren retreated in the meantime, declaring that he would "get even." True to his threat, in a few moments he returned with a shotgun. Mr. Ivy was standing at one end of the car, and before he realized his hazardous predicament Warren had advanced to within less than a car's length, and, leveling both barrels discharged them at the white man almost simultaneously.

Strange to say, however, the shots did not take effect, only one shot entering the sleeve of his shirt. Mr. Ivey immediately went into the car, secured a pistol, and began firing upon the negro, who did not attempt to move. In the meantime the gunshots had attracted the attention of others, and almost before Mr. Ivy was ready to fire, there were other shots. One of the bullets entered the negro's leg, when he sank to the ground, and was arrested by Marshal Powell, who had arrived on the scene just as the shooting began. He was taken to the town prison and a physician summoned, who dressed his wound and gave him proper attention.

Warren was arraigned before Mayor LeRoy N. Pearce Monday morning upon a charge of disorderly conduct and discharging firearms in the town limits, and was sentenced to pay a fine of $25 and costs or spend two months in jail. Having failed to respond with the amount of the fine, he is now in prison.

When the town authorities of Alachua will have finished with this man, the county will probably take up his case, and he will be taught that it pays to be good before he is through with this trouble.

Warren is said to be a dangerous man when he is drinking. He came to Alachua from Georgia about three years ago.

WHO SHE WAS

SKETCH OF THE LIFE OF LYDIA E. PINKHAM

And a True Story of How the Vegetable Compound Had Its Birth and How the "Panic of '73" Caused it to be Offered for Public Sale in Drug Stores.

This remarkable woman, whose maiden name was Estes, was born in Lynn, Mass., February 9th, 1819, coming from a good old Quaker family. For some years she taught school, and became known as a woman of an alert

and investigating mind, an earnest seeker after knowledge, and above all, possessed of a wonderfully sympathetic nature.

In 1843 she married Isaac Pinkham, a builder and real estate operator, and their early married life was marked by prosperity and happiness. They had four children, three sons and a daughter.

In those good old fashioned days it was common for mothers to make their own home medicines from roots and herbs, nature's own remedies—calling in a physician only in specially urgent cases. By tradition and experience many of them gained a wonderful knowledge of the curative properties of the various roots and herbs.

Mrs. Pinkham took a great interest in the study of roots and herbs, their characteristics and power over disease. She maintained that just as nature so bountifully provides in the harvest-fields and orchards vegetable foods of all kinds; so, if we but take the pains to find them, in the roots and herbs of the field there are remedies expressly designed to cure the various ills and weaknesses of the body, and it was her pleasure to search these out, and prepare simple and effective medicines for her own family and friends.

Chief of these was a rare combination of the choicest medicinal roots and herbs found best adapted for the cure of the ills and weaknesses peculiar to the female sex, and Lydia E. Pinkham's friends and neighbors learned that her compound relieved and cured and it became quite popular among them.

All this so far was done freely, without money and without price, as a labor of love.

But in 1873 the financial crisis struck Lynn. Its length and severity were too much for the large real estate interests of the Pinkham family, as this class of business suffered most from fearful depression, so when the Centennial year dawned it found their property swept away. Some other source of income had to be found.

At this point Lydia E. Pinkham's Vegetable Compound was made known to the world.

The three sons and the daughter, with their mother, combined forces to restore the family fortune. They argued that the medicine which was so good for their woman friends and neighbors was equally good for the women of the whole world.

The Pinkhams had no money, and little credit. Their first laboratory was the kitchen, where roots and herbs were steeped on the stove, gradually filling a gross of bottles. Then came the question of selling it, for always before they had given it away freely. They hired a job printer to run off some pamphlets setting forth the merits of the medicine, now called Lydia E. Pinkham's Vegetable Compound, and these were distributed by the Pinkham sons in Boston, New York, and Brooklyn.

The wonderful curative properties of the medicine were, to a great extent, self-advertising, for whoever used it recommended it to others, and the demand gradually increased.

In 1877, by combined efforts the family had saved enough money to commence newspaper advertising and from that time the growth and success of the enterprise were assured, until today Lydia E. Pinkham and her Vegetable Compound have become household words everywhere, and many tons of roots and herbs are used annually in its manufacture.

Lydia E. Pinkham herself did not live to see the great success of this work. She passed to her reward years ago, but not till she had provided means for continuing her work as effectively as she could have done it herself.

During her long and eventful experience she was ever methodical in her work and she was always careful to preserve a record of every case that came to her attention. The case of every sick woman who applied to her for advice—and there were thousands—received careful study, and the details, including symptoms, treatment and results were recorded for future reference, and to-day these records, together with hundreds of thousands made since, are available to sick women the world over, and represent a vast collaboration of information regarding the treatment of woman's ills, which for authenticity and accuracy can hardly be equaled in any library in the world.

With Lydia E. Pinkham worked her daughter-in-law, the present Mrs. Pinkham. She was carefully instructed in all her hard-won knowledge, and for years she assisted her in her vast correspondence.

To her hands naturally fell the direction of the work when its originator passed away. For nearly twenty-five years she has continued it, and nothing in the work shows when the first Lydia E. Pinkham dropped her pen, and the present Mrs. Pinkham, now the mother of a large family, took it up. With women assistants, some as capable as herself, the present Mrs. Pinkham continues this great work, and probably from the office of no other person have so many women been advised how to regain health. Sick women, this advice is "Yours for Health" freely given if you only write to ask for it.

Such is the history of Lydia E. Pinkham's Vegetable Compound; made from simple roots and herbs; the one great medicine for women's ailments, and the fitting monument to the noble woman whose name it bears.

It is refreshing to look at the State papers and note the few "organs" there are to be found. An "official paper" looks all right, but an "official organ" seems a trifle out of date.

WANT PARDONS.

There were cases for pardon considered by the State Pardoning Board last Thursday and Friday, at Tallahassee, only two of which were granted, as follows.

Application of Forrest Clark, who was convicted in the circuit court of Columbia county in the spring of 1904, of the crime of "burglary," and sentenced to five years in the penitentiary, was considered and it appearing that more than two years of the sentence had been served and the prisoner has been of excellent behavior and full restitution of the stolen property having been made, he was granted a conditional pardon.

Application of Green Gilbert, who was convicted in the county court of Dade county, January 6, 1905, of the crime of vagrancy, and sentenced to six months at hard labor in the county jail, was considered and it appearing that more than three months imprisonment had been served, and the judge of the court who pronounced the sentence recommending that a pardon be granted, he was granted a full and free pardon.

John J. Ward of Walton county, sent up for eight months, October, 1905, for selling liquor in a dry county, in lieu of paying $500 fine and costs, had the fine cut to $250.

Sam Sheppard, sent up from Alachua county for five years, muderous assault, will have to furnish further testimony.

Benjamin F. Stevens, Escambia county, life for murder, was denied.

William Ponds, Walton county, two years, for attempted manslaughter, denied.

Application of Lee Gatewood, who was convicted in the circuit court in Pasco county, in 1900, of the crime of manslaughter, and sentenced to twenty years in the State prison at hard labor, was considered and denied.

George Caldwell and Nelson Larkins, the Leon county murderers, sentenced to be hung, were denied a pardon.

John Henry Johnson, sent up from Polk county for life for murder, was passed for further testimony.

Dan Johnson, sent up from Walton county for violating liquor law, to $600 fine and costs of prosecution, or ten months, will be compelled to serve the ten.

George Clark, servinga sentence at the reform school, Marianna, will need, better testimony and more of it to get any rebate on his sentence.

A VOICE FROM THE COUNTRY.

Editor Sun: I see in The Sun where one of the candidates for State Senator did not want a country man to decide who should come down and not run. I understand he said it was a city matter, and he did not want any man from the country to decide. Will he need the country men to vote for him on May 15th? But I think we will vote for H. H. McCreary, as we have always stood by him and are glad to know he suggested a man from the country to put on the committee.

We will also vote for J. M. Rivers for State Attorney, and W. N. Sheats and Charley Hodge for Representatives in the Legislature. I guess we will keep the old school board and the same county commissioners by adding W. J. Mathews, and we must not forget J. C. McGrew and T. J. Love.

Newberry, Fla. VOTER.

W. W. Averill, a Tampa job printer, will sue The Herald, Times and Globe papers each for $10,000, for calling him a "scab." They should know better, as there is no such thing in the fraternity. They have "rats" but to call a printer a "scab" is the same as calling him a blacksmith.

$100 Reward, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Take Hall's Family Pills for constipation.

The suggestion of Judge Parker that the next Democratic candidate for President be a Southern man may not be accomplished at the next election, but there is no good reason why it should not be. The South has many favorite sons who would admirably fill that great office and with departing prejudices and a united country which is now evident, the bars will be thrown down and no imaginary barrier will shut out candidates from every section. There are many men in the South who are deeply interested in the welfare of the country and would put an honesty of purpose in the office that would be indeed gratifying to every man in every section of our country.

The amount of improvements going on about the city is surprising. Many residents are putting down cement walks, parking, driveways, and otherwise beautifying their homes in a substantial manner, giving the city a very attractive appearance as well. The streets will be as beautiful as any to be found in the State, and visitors are delighted with the shaded walks that are to be found everywhere. Gainesville people have just cause to be proud of their city, and when we realize that something over $100,000 will be expended in public improvements this year, and a much larger sum for private parties, one can get a faint idea of what we are doing.

Miami is to have a Black Maria or "hurry-up" wagon, to assist the police in running in offenders of the city laws.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root,** the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

HAVE RENTED PARK.

Central City Baseball Club Will Have Control of Ball Grounds.

Hon. Walter G. Robinson, owner of the baseball park, authorizes the statement that he has rented the same to the Central City Baseball Club, colored, who will have control of the grounds until January 1, 1907. Those desiring the use of the park must secure the same through this club.

It was largely through the energy of James Carolina, who has worked faithfully in the matter of securing funds, that the park was preserved, as the owner was seriously considering turning the place into cultivation. It would have been unfortunate, as this action would have left the people of Gainesville without a resort of this kind.

A couple of games are being arranged between the Central City and Ocala teams, colored, which will be pulled off on the 23d and 24th instant. Both teams are in good condition and an exciting contest is anticipated.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of lagrippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." Sold by all druggists.

TO EXTEND ROAD TO QUEEN CITY

Georgia, Florida and Alabama Is Going to Columbus.

Columbus, Ga., April 9.—Colonel J. P. Williams, of Savannah, president of the Georgia, Florida and Alabama railway, spent Friday in Columbus conferring with local capitalists and men of affairs relative to the extension of his road from Cuthbert, Ga., to this city. General Manager W. B. Denham, who, during the past week, has been over the various routes surveyed between this city and Cuthbert, is also in the city.

President Williams states that within a few days a formal proposition will be drafted and submitted to the city of Columbus relative to the extension of his road to this city. In this he will state just what his company desires in the way of subscriptions, terminal facilities, rights of way, etc.

The building of this link will give Columbus a direct railroad route through the heart of southeast Georgia to Bainbridge, Tallahassee, the capital of Florida, and Carrabelle, a port on the gulf coast.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky. It cures hemorrhages, chronic coughs, settled colds and bronchitis, and is the only known cure for weak lungs. Every bottle guaranteed by all druggists. 50c and $1. Trial bottle free.

Peru, Ind., April 9.—In efforts made to catch the safe robbers who broke two strong boxes here and stole $200, Marshals O'Brien and Schrader arrested six men. SUFFERED AGONIES FOR FOUR YEARS

Whole Foot Nothing But Proud Flesh —Tried Different Physicians and All Kinds of Ointments—Could Walk Only With Crutches—Ohio Man Says:

"CUTICURA REMEDIES THE BEST ON EARTH"

"In the year 1899 the side of my right foot was cut off from the little toe down to the heel, and the physician who had charge of me was trying to sew up the side of my foot, but with no success. When he found out that wouldn't work, he began trying to heal the wound with all kinds of ointment, until at last my whole foot and way up above my calf was nothing but proud flesh. I suffered untold agonies for four years, and tried different physicians and all kinds of ointments. I could walk only with crutches. It is sixteen months ago since I began using Cuticura Soap and Ointment for my limb and foot. The first two months the Cuticura Remedies did not seem to work, but I kept on using them both. In two weeks afterwards I saw a change in my limb. Then I began using Cuticura Soap and Ointment often during the day and kept it up for seven months, when my limb was healed up just the same as if I never had trouble.

"It is eight months now since I stopped using Cuticura Remedies, the best on God's earth. I am working at the present day, after five years of suffering. The cost of Cuticura Ointment and Soap was only $6; but the doctors' bills were more like $600. You can publish my name and refer any one to write to me about Cuticura Remedies. I will answer all letters if postage is enclosed. John M. Lloyd, 718 S. Arch Ave., Alliance, Ohio, June 27, 1905."

By View House Closed—A Spelling Bee—Enjoyable Party.

Melrose, April 7.—(Delayed)—The Town Council met in regular session on Thursday evening. Among the business done was the final reading of an ordinance forbidding the carrying of loaded guns and rifles in the town limits, and permission was given to L. M. Pearsall to close Grove street on the north end and continue it in an easterly direction, the new street to be called Carleton Place.

Mrs. J. M. Barnett is spending the week with her son at Hawthorn.

A "spelling bee" is announced at the Huffman House for April 13th, at 7:30 p. m. Refreshments will be served.

Another one of those most enjoyable picnics at the Pumpkin Patch was arranged for Thursday, H. W. Hamlyn taking the party over in his motor launch, everybody having a delightful time.

Shep Starke had the misfortune to lose his home and contents on Thursday night by fire. He was generously assisted by the citizens towards a new home while in town yesterday.

The Eliam Baptist Church is being repainted by E. J. Ford.

The winter visitors are beginning to leave. The Huffman House has had a record season. Guests had to be turned away, as every available room was full. The Bay View closed April 1st, and will be reopened in the fall.

Card From Mayor Thomas.

To the Citizens of Gainesville:

Having been interviewed by quite a number of taxpayers and citizens of this city in regard to the amendment to be voted upon tomorrow, I have deemed it best to make an explanation of this matter for the benefit of those who have given the subject but slight consideration and who do not understand the purpose of the amendment.

Our present charter provides that all ordinances adopted by the council and approved by the mayor, or passed over his veto, shall be published in a newspaper printed in the city, once each week for four consecutive weeks. This, of course, requires the publishing of our ordinances four times. The charter makes no provision for the character of ordinances to be published but requires all to be. No discretion is vested in the council as to the publication.

The amendment to be voted upon today changes Section 10 of our charter, the same being the section under which these ordinances are required to be published, and requires that all ordinances shall be published one time in a newspaper printed in the city, or posted in the corridor of the court house and at the door of the council chamber, as may be determined by the council and set forth in the ordinance.

Those ordinances that the council deem of importance and which should be published they will so order, but such ordinances as may, in their judgment, be of less importance, will probably be posted.

The council is composed of men who are elected by the people and in whom the people have reposed confidence. It is then for the people to say whether or not they are going to trust the judgment and wisdom of the men whom they have elected, and to whom they have entrusted the administration of the affairs of the city, to determine whether or not an ordinance should be posted or published.

This 9th of April, 1906.

Respectfully,

W. R. THOMAS.
